Exam Revision Planner

Subject: _____ Exam date: _____

How to use this planner

- List every topic you need to know.
- Study each topic once, then review it with active recall after about 1 day, 1 week and 3 weeks.
- Rate your confidence from 1 (shaky) to 5 (solid) after each review. Spend more time on low scores.

Topic tracker

Topic: _____ Studied: ____ Review 1: ____ Review 2: ____ Review 3: ____ Confidence: ____

Topic: _____ Studied: ____ Review 1: ____ Review 2: ____ Review 3: ____ Confidence: ____

Weekly checklist

- [ ] Blank-page recall for every topic studied this week
- [ ] Flashcards reviewed, difficult pile first
- [ ] At least one set of past-paper or practice questions
- [ ] Answers marked honestly and mistakes turned into new flashcards
- [ ] Hardest topic explained aloud without notes
- [ ] Phone out of the room during focus blocks

Exam week

- [ ] Mixed practice across all topics, not one at a time
- [ ] Timed practice under exam conditions
- [ ] Sleep schedule protected
